Objective

Dynamic and results-driven Web Developer with a focus on front-end development using React.js. Dedicated to creating interactive and engaging user interfaces, I am seeking opportunities to leverage my expertise in React and related technologies to contribute to innovative web projects.

Professional Experience

Front-end Web Developer (React.js)

Tech Solutions Plus, Techville, Codetown

March 2022 - Present

Developed responsive and interactive web applications using React.js, Redux, and other front-end technologies.

Collaborated with UI/UX designers to translate design concepts into functional React components.

Implemented state management and data flow patterns using Redux for complex web applications.

Conducted code reviews and provided feedback to ensure adherence to best practices and coding standards.

Integrated third-party APIs and libraries to enhance the functionality and features of web applications.

Optimized web application performance and user experience through efficient React component rendering.

Junior Web Developer

CodeCrafters Inc., Code City, Techland

July 2019 - February 2022

Assisted in the development of front-end components and features for web applications using HTML, CSS, and JavaScript.

Supported the implementation of responsive design principles and techniques to ensure cross-device compatibility.

Participated in Agile development sprints and contributed to the planning and execution of project tasks.

Conducted testing and debugging to identify and resolve issues in web application functionality and performance.

Maintained code repositories and documentation for ongoing projects and codebase management.

Education

Bachelor of Science in Computer Science

Tech University, Tech City, Techland

Graduated: May 2018

Skills

Proficient in React.js, Redux, HTML5, CSS3, and JavaScript

Experience with front-end build tools such as Webpack and Babel

Familiarity with UI/UX design principles and responsive web design techniques

Strong problem-solving and analytical abilities

Excellent communication and collaboration skills

Certifications

React.js Developer Certification (Udemy)

Redux Fundamentals Certification (Pluralsight)
